

FYI: Stained Glass Gallery

Photographic Presentations of New Work and Recent Restoration

“FYI: Stained Glass Gallery” was introduced in 2006 as a regular part of *The Stained Glass Quarterly* in which new work and recently completed restoration work is featured. “FYI: Stained Glass Gallery” is open to everyone creating architectural art glass for religious, corporate, public, or private buildings. For information on sending work for consideration, e-mail webmaster@sgaaonline.com or call the Stained Glass Association of America headquarters at 800.438-9581.

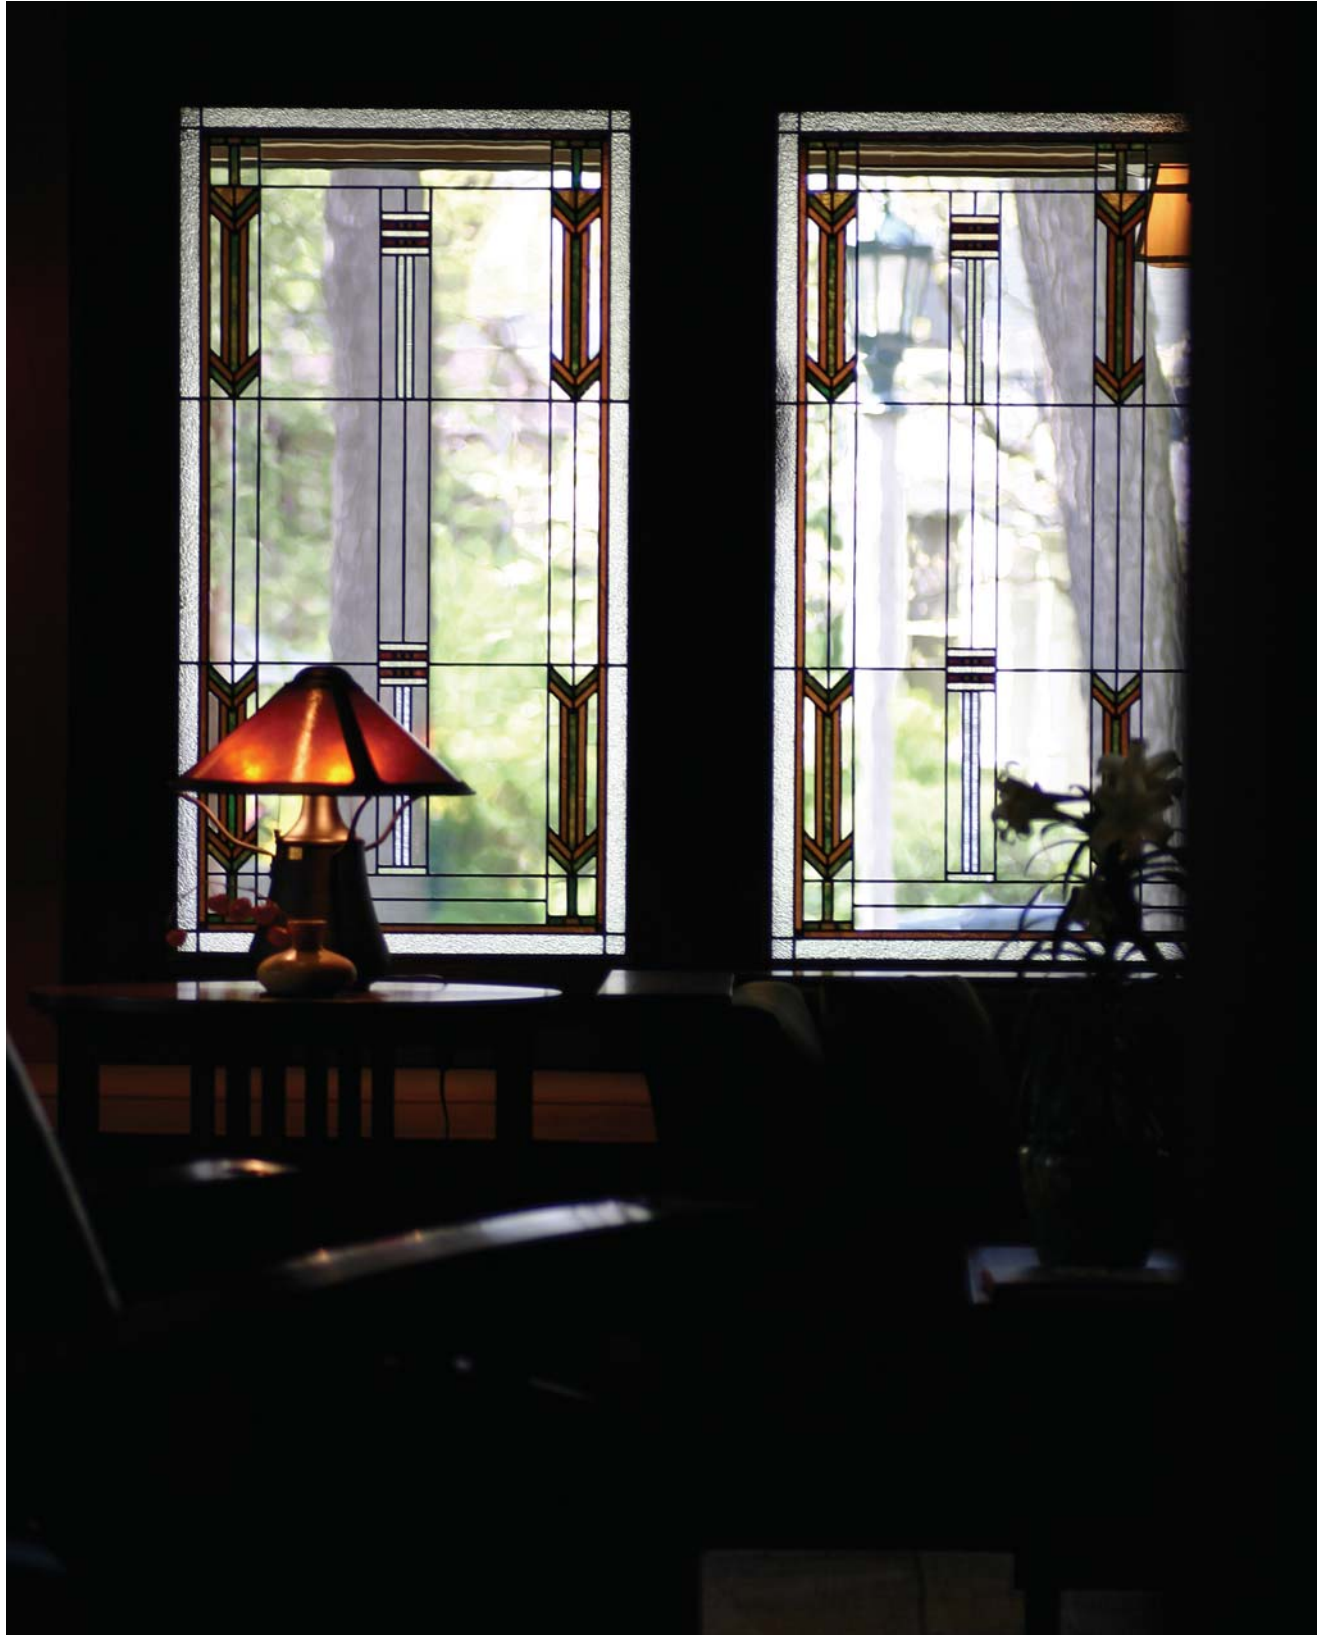

For more information on “FYI: Stained Glass Gallery” and to view Gallery from past issues, visit www.stainedglass.org.

Morava Studios

Oak Park, Illinois

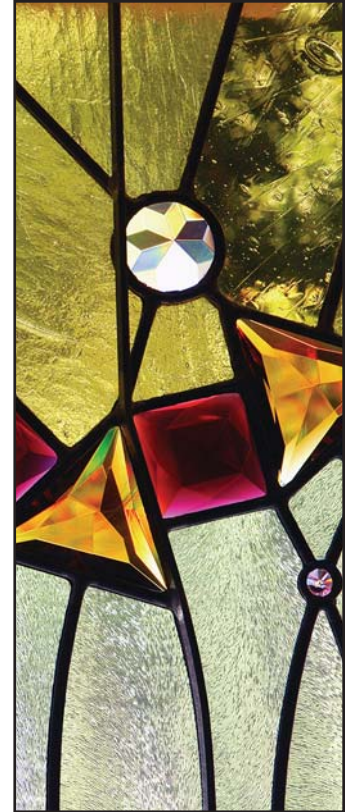

Private Residence
Chicago, Illinois

Morava Studios specializes in Prairie School and Arts & Crafts styles. Repairs, conservation and restoration work are available, along with original artwork. 708.383-9333

Larry Zgoda Studio

Chicago, Illinois

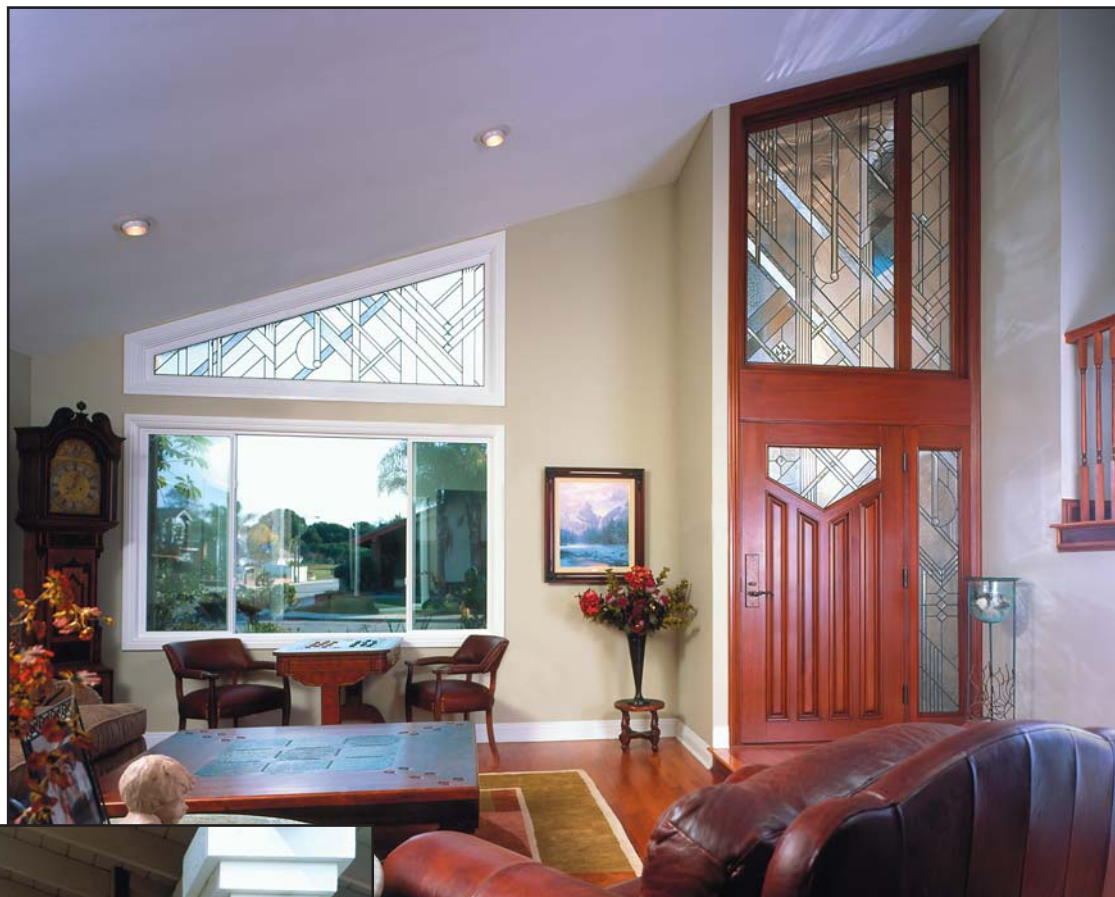

Private Townhome • Chicago, Illinois

Larry Zgoda's passion is to create *genuine and permanent beauty in the built environment*. He makes an aesthetic connection, assembling stained glass that reads sympathetically with architecture. His installations have a familiar timelessness rather than the sensation of fashion. www.larryzgodastudio.com.

Celinder's Glass Design

Huntington Beach, California

Private Residence
Huntington Beach, California

Mary Ann Celinder is a glass artist who lives and works in Huntington Beach, California. Since establishing Celinder's Glass Design in 1976, the focus of Mary Ann's work has been residential leaded glass commissions. Her designs are versatile and are tailored to the needs of the client. Mary Ann's work ranges from abstract to realistic, contemporary to traditional; she employs fusing, slumping, painting, beveling, and jeweled elements to create one-of-a-kind artwork for the client.

ATG Studio, Inc.

Forsyth, Georgia

Cloister Resort
Sea Island, Georgia

ATG Studio, Inc., is a professional stained glass studio located in Forsyth, Georgia. ATG Studio combines traditional craftsmanship, excellence, and an understanding of architecture to create works of art that are of superior quality in both design and workmanship. Each sheet of glass is hand cut in the traditional way. Panels are assembled in the studio and installed with new or restored frames and sashes to insure that the art glass investment is delivered with both physical integrity and inspired beauty.

ATG Studio has a proven track record of success with clients like Sea Island, Cloister Resort, Savannah College of Art and Design (SCAD), and historical St. Joseph's Catholic Church. www.atgstudio.com.

Pearl River Glass Studio

Jackson, Mississippi

Christ United Methodist Church
Jackson, Mississippi

The use of stained glass to depict religious themes is a time-honored technique. We take pride in carrying on this rich tradition handed down from generation to generation. The responsibility we have to a congregation is taken seriously and we can assure you that we understand the sensitive nature of each faith's beliefs. www.prgs.com.
